

Ecma/TC38-TG3/2015/025 (Rev. 1 – 15 April 2015)

Annex B1 - Product environmental attributes Imaging equipment

The declaration may be published only when all rows and/or fields marked with * are filled-in (n.a. for not applicable). Additional information regarding each item may be found under P15.

Brand *	Ricoh	Logo
Company name *	Ricoh Company Ltd.	
Contact information *	RICOH Europe SCM B.V., Blankenweg 24	
e-mail address	4612 RC Bergen op Zoom, Netherlands	
Internet site *	www.ricoh.com	
Additional information		

The company declares (The company declares (based on product specification or test results based obtained from sample testing), that the product					
conforms to the statement	nts given in this declaration.					
Type of product *	MFP					
Commercial name *	IM 350					
Model number *	IM 350					
Issue date *	09 January 2019					
Intended market *	🗌 Global 🔀 Europe 📃 Asia, Pacific & Japan 🗌 Americas 🗌 Other					
Additional information						

This is an uncontrolled copy when in printed form. Please refer to the contact information for the latest version.

About Annex B1

Annex B1 reflects Product environmental attributes relevant for Imaging products. The following items from the ECMA-370 Main body are not shown in the template:

P9.1 PTEC, ETEC and display resolution P12.1-P12.2 Ergonomic requirements.

Issue date * 09 January 2019 Product environmental attributes - Legal requirements Requirement met Item Yes No n.a. P1 Hazardous substances and proparations Yes No n.a. P1 Hazardous substances and proparations P11* Products do comply with the current European ROHS Directive. (See legal reference and NOTE B1) Products do not contain Asbestos (see legal reference). Comment: Legal reference has no maximum concentration value. Products do not contain Ozone Depricing Substances: Chlorofluorocarbons (CFC), Halons, carbontetrachloride, 1,1,1-trictichorothane, methy biomid (see legal reference). Products do not contain more than; 0,005% polychlorinated biphenyl (PCB), 0,005% polychlorinated terphenyl (PCT) in preparations (see legal reference). Products do not contain more than; 0,005% polychlorinated biphenyl (PCB), 0,005% polychlorinated (see legal reference). Products do not contain more than; 0,005% polychlorinated biphenyl (PCB), 0,005% polychlorinated (see legal reference). Products do not contain more than; 0,1% short chains concentrations above 0,5,ug/cm²/week (see legal reference). Ports with direct and prolonged skin contact do not release nickel in concentrations above 0,5,ug/cm²/week (see legal reference). Comment: Max limit in legal reference when tested according to EN1811:2011-5. P1.7 REACH Article 33 information about substances in articles is available at (add URL or mail contact): P2 Batteries or accumulators are readily removable. (See legal reference) P3 The product S Conton contain more than 0,0005% of mercury or 0,002% of cadmium. (See legal reference) P4 Protecharito a & Eco design (ErP) The product S Conton contain more than 0,005% of mercury or 0,002% of cadmium. (See legal reference). P7.19	In plastic	parts > 25 g, flame retardant substances/preparations above 0,1% are used which have been the following Risk phrases; and Hazard statements:						
	0	ce(s) for these classifications is/are found at (add URL(s)): , (See NOTE B5)						
P7.20*		sumer recycled plastic material content is used in the product (See NOTE B6):	\boxtimes					
	lf YES; a a) Of te	t least one of the two alternatives below shall be answered; otal plastic parts' weight > 25 g, the postconsumer recycled plastic material content (calculated as a centage of total plastic by weight) is 5% .						
		weight of recycled material is 761 g.						

GENERAL NOTE Standard references should direct to the latest version of a standard. If an older version of a standard is used, section P15 shall be used for explanation.

NOTE B2 IEC 61249-2-21 defines maximum limits of 900 ppm for each of the substances chlorine and bromine and a maximum limit of 1500ppm of these substances combined. The standard does not address fluorine, iodine and astatine which are included in the group of halogens.

NOTE B3 and B4 A Guidance document on Chemical substances is available; see http://www.ecma-international.org/publications/standards/Ecma-370.htm

NOTE B5 If a certain substance has been assigned a certain risk phrases / hazard statement in the referenced source, this does not necessarily mean the substance has been tested for all of the hazards referred to by a certain customer.

NOTE B6 Applies to a product containing plastic parts whose combined weight exceeds 100 g with the exception of printed circuit boards, cables, connectors and electronic components and bio-based plastic material.
