

Cloud Apps

Smart Integration (SI) is a platform which provides cloud-based apps and document workflow integration across devices. Our easy-to-use apps connect your multifunction printer (MFP), products and other smart devices, to popular third-party cloud services, so that important information becomes instantly accessible, ready to use and share.

Simply connect your MFP, products and other smart devices, to external cloud services such as Dropbox, Google Drive, Office 365 and DocuWare, enabling you to work smarter and increase productivity.

With Smart Integration you can:

- Convert your hardcopy documents to editable digital formats, and store them on the cloud
- Reduce your office, print and paper costs
- Print documents from storage in the cloud, without IT servers
- Automate everyday document workflows to work smarter, faster and more cost effectively
- Initiate meetings from your interactive whiteboard, and share content via the cloud

Enhanced Apps

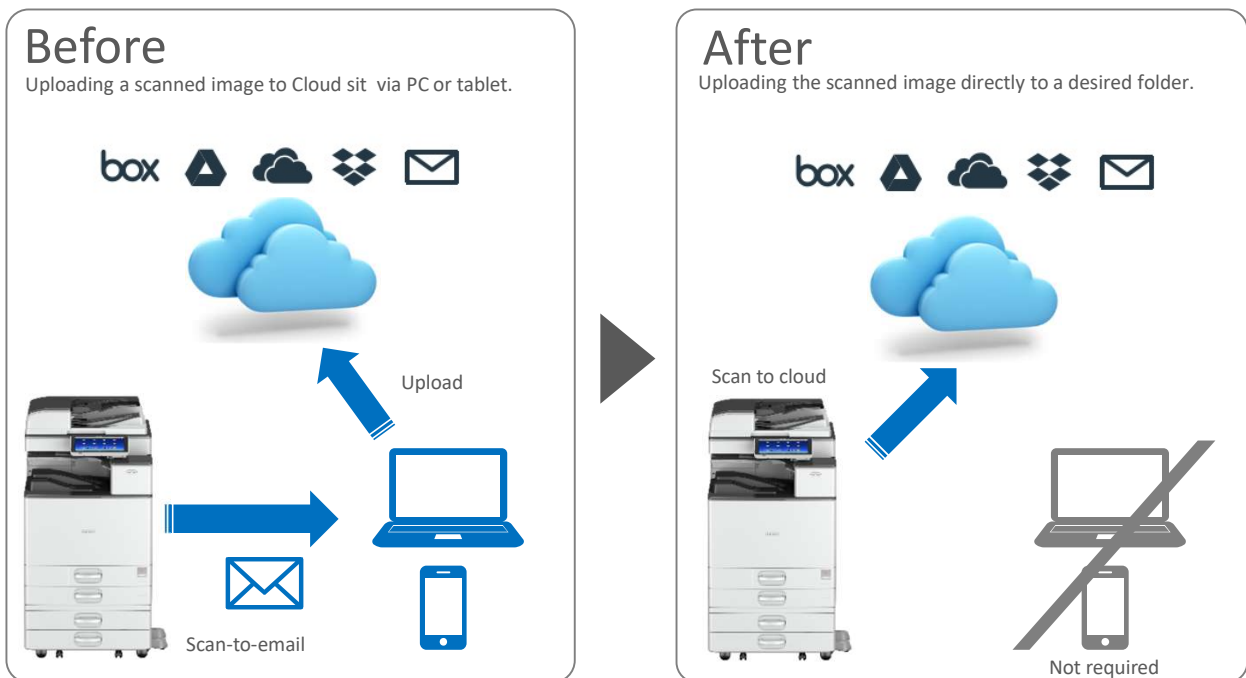

SI - Startup Package

Key Benefits

- Convert hard copies into digital documents.
- Boost workplace productivity with your MFP.
- Quick start, no installation required. Low initial costs with scalability.
- Connects to several 3rd party cloud storage services.

Suitable for

- Offices where paper documents are created or arrive and need to be processed for archiving and sharing.
- Those interested in accelerating digital transformation – looking to digitise their manual paper document workflow processes and work with the cloud.

Included applications

- Scan to e-mail
- Scan to Box
- Scan to Google Drive
- Scan to Dropbox
- Scan to OneDrive
