Annex B1 - Product environmental attributes **Imaging equipment**

The declaration may be published only when all rows and/or fields marked with * are filled-in (n.a. for not applicable). Additional information regarding each item may be found under P15.

Brand *	Ricoh	Logo
Company name *	Ricoh Company Ltd	
Contact information *	Ricoh Europe (Netherlands), John M. Keynesplein 10-B	
e-mail address	1066 EP, Amsterdam, The Netherlands	
	reu.compliance@ricoh-europe.com	
Internet site *	www.ricoh.com	
Additional information		

The company declares (based on product specification or test results based obtained from sample testing), that the product conforms to the statements given in this declaration.					
Type of product *	Colour Printer				
Commercial name *	P C375				
Model number *	P C375				
Issue date *	07 October 2024				
Intended market *	🗌 Global 🔀 Europe 🗌 Asia, Pacific & Japan 🗌 Americas 🗌 Other				
Additional information					

This is an uncontrolled copy when in printed form. Please refer to the contact information for the latest version.

About Annex B1

Annex B1 reflects Product environmental attributes relevant for Imaging products. The following items from the ECMA-370 Main body are not shown in the template: P9.1 PTEC, ETEC and display resolution P12.1-P12.2 Ergonomic requirements.

5			
Model number *	P C375	Logo	
Issue date *	07 October 2024		

Item Yes No n.a. P1 Hazardous substances and preparations P1.1* Products do comply with the current European RoHS Directive. 	assigned the following Risk phrases; and Hazard statements:			ו ע	
	The source(s) for these classifications is/are found at (add URL(s)): , (See NOTE B5)				

NOTE B3 and B4 A Guidance document on Chemical substances is available;

see http://www.ecma-internationl.org/publications/standards/Ecma-370.htm.

NOTE B5 If a certain substance has been assigned a certain risk phrases / hazard statement in the referenced source, this does not necessarily mean the substance has been tested for all of the hazards referred to by a certain customer.

GENERAL NOTE Standard references should direct to the latest version of a standard. If an older version of a standard is used, section P15 shall be used for explanation.

NOTE B2 IEC 61249-2-21 defines maximum limits of 900 ppm for each of the substances chlorine and bromine and a maximum limit of 1500ppm of these substances combined. The standard does not address fluorine, iodine and astatine which are included in the group of halogens.
